

## Riverside Housing External Landscaping on Georgian Property

### Overview

**Frank Rogers were appointed by Riverside to carry out minor reactive external repairs at a three storey Georgian property in Liverpool.**

The garden wall was found to be leaning out externally having been pushed through time by the roots of large mature trees nearby.

The long term tenants were keen to see the trees remain but equally keen to see the problem managed, recognising the health and safety issues. The Frank Rogers team were able to propose a solution whereby the tree was retained and the roots blocked off from causing any further impact to the wall. The wall meanwhile was removed and replaced with some landscaping works completed alongside replacement patio area.

The tenants at the property were delighted with Frank Rogers service and approach and attitude of its team, taking time to draft a letter to the housing association and Frank Rogers direct.

Mr Dean Rogers,  
Managing Director,  
Frank Rogers Building Contractors Ltd,  
The Stables,  
Larkhill Lane,  
Liverpool L13 9BR.

Dear Sirs,

We are tenants of a Riverside flat in the above address, and would just like to convey our thanks to you for the rear garden wall that was demolished and rebuilt in our back garden, plus the relaying of the patio. In our estimation the job was very well done and particularly well finished off and all in all looks really smart from both the inside and outside in Little Parkfield Road.

The smaller adjoining wall between our property and number 8, also had 4 rows of bricks removed and re-laid and the whole wall was re-pointed.

The adjoining wall had a slope built into it originally and Tony did an amazing job when he rebuilt it, looks just the ticket.

Our thanks to Jonathon for his much appreciated attention on spite of the grief he suffered from both Graeme and myself, congratulations.

Tony the bricklayer, Steve and Stuart deserve a thank you too, as does the guy who re laid the patio and made such a super job of the finish.

Kindest regards,

### Frank Rogers Limited
